UPDATE ON CORONAVIRUS: If you have returned from the quarantined towns and develop flu like symptoms, please stay at home, avoid contact with other people and call NHS111.

Taking basic hygiene precautions remains the best way to reduce the chances of spreading any virus: sneeze or cough into a tissue, bin it, wash your hands frequently and don't touch your face unless you've just washed your hands. Using a normal detergent to clean the surfaces people touch regularly like door handles and lift buttons is also sensible.

Please visit [www.gov.uk/coronavirus](http://www.gov.uk/coronavirus) for the most up to date advice.
